The American Redoubt Radio Operators Network

INFORMAL Channel 3 Nets

This is intended to provide general guidance and a basic script to aid in the use of the Channel 3 project, within the AmRRON communications program. For use with CB, FRS, and/or MURS.

- When you are conducting your own local CH3 Net and acting as a Net Control Station (NCS)
- or-
- When you are part of a larger net and directed by NCS to attempt contact and exchange messages or take check-ins on CH3

Good evening (*morning/afternoon*), this is _____ (*AmRRON Call Sign*) with the AmRRON emergency communications net, conducting a practice communications exercise as part of the Channel 3 project. Is there anyone wishing to check in to the American Redoubt Radio Operators Network CH-3 training exercise for (*tonight's*) net?

<Pause and wait for approximately 10 – 15 seconds>

Take check-ins and give them the NWOTW (Net Word Of The Week). Relay back to NCS or log the contacts and any message traffic.

<If nothing is heard after the 10 – 15 second pause, repeat opening announcement message>

If you hear no other stations coming back to you, then continue:

“Nothing heard. If anyone can hear me, but I am unable to hear you, the Net Word Of The Week is _____ (*repeat NWOTW and then spell it phonetically*). You can report this contact by emailing the Net Word Of The Week to AmRRON@RadioFreeRedoubt.com, to let us know you were able to hear us, and let us know if you heard this practice exercise on either a two-way radio or a scanner.

Once again, this is _____ with the American Redoubt Radio Operators Network conducting a practice net for emergency or disaster preparedness purposes on _____ (*CB, FRS, MURS*) Channel 3. Any stations wishing to check in, please come now.

<Pause 10 – 15 Seconds. Respond and take check-ins if there are any>
